Note:

This was the last stop on this route through the highlights in the city center. Return to Haarlem Station to take a train back home or... Resume the fun journey in nature.

Haarlem is located near a varied natural area with steep forest slopes, open dunes and a cultural landscape. We highly recommend you to visit both or one of the two following destinations. You can go by public transport from the train station. Take **bus 81** to a stop Kennemerduinen to walk in the dunes or to a stop Ramplaankwartier to walk across the Eslwout estate. The trip on the bus is approximately 10 minutes and then a short walk (no longer than 5 minutes) to reach the entrance.
